MyBivona™

Customized tracheostomy tube configurator

Quick start guide

Getting started is as easy as 1-2-3

More patients than you think can benefit from a customized Bivona™ tracheostomy tube. Even a small adjustment can make a huge impact on a patient's quality of life. And with MyBivona, creating a custom tube is easier than you think.

1. Click here or scan the QR code to register with your email address and name.

2. Check your inbox for the confirmation email from mybivona@icumed.com.

3. Click the link in the email to create a password and then log in here.
