

# Manage hazardous drug vapour your way

Standardise on a preferred vial adapter technology that best fits your facility's needs when considering cost, workflow and ease of use.

Air-capture barrier type CSTD

Air-cleaning filter type CSTD

Access a broad range of vial sizes and stopper types.

20 mm

28 mm

20 mm or 28 mm

Longer fluid path on spike supports more thorough draining and reduced drug waste.

Skirted vial access devices securely lock on to 20 mm and 28 mm vials.

Universal vial adapter allows access to 20 mm or 28 mm vials with a single product, helping you reduce SKUs.

## Air-capture barrier type CSTD

Product Code	Description
